

Patsy Cline Show Comes To Georgetown

Calling all Patsy Cline fans! On Sunday March 16 at 3:00pm, the music and life of the legendary Patsy Cline will be celebrated at the John Elliott Theatre in Georgetown with a special matinee performance starring Canadian Country legend Marie Bottrell. Backed by The Memphis Cats band, Bottrell sizzles in the title role of "Patsy Cline: The Legend", combining fabulous live musical performances with a fascinating and true story.

Patsy Cline's unique vocal style took her to the top of the Country and Pop charts on numerous occasions in the late 1950's – early 1960's with Patsy's classic hits including "Crazy" "Walking after Midnight" "I Fall to Pieces" "She's Got You" and "Sweet Dreams of You" before her tragic death in a plane crash on March 5, 1963. Bottrell herself is no stranger to the Country music charts with 18 "Top 40" Canadian radio hits to her credit.

Canadian Country legend Marie Bottrell stars in "Patsy Cline: The Legend" coming to Georgetown on Sunday March 16.

Show producer Bill Culp notes: "Patsy Cline: The Legend" is a family-oriented, audience-interactive performance that will have everybody singing and clapping along, and I'm thrilled to bring this world-class show to Georgetown."

Tickets for the Sunday March 16 "Patsy Cline: The Legend" at the John Elliott Theatre are value-priced at only \$32 Adults / \$29 Seniors & Students, available at the theatre box office, 9 Church Street Georgetown, by phone # (905) 877-3700, or on-line at www.HaltonHills.ca/theatre

Astronomer is next on Speakers Series

Absolutely Acton Speakers Series returns on Sunday, March 2 at 2 p.m. in the Acton Town Hall Centre, 19 Willow St. N., Acton with guest speaker Michel Fich on Observing the Universe in Invisible Colours—His head is always in the Stars.

An astronomer and professor specializing in the study of star formation, the interstellar medium and the structure of galaxies, Fich will introduce you to the Far Infrared—the new frontier in observational astronomy.

Fich, a professor in the Department of Physics and Astronomy at the University of Waterloo, lives in rural Erin Township in a low-tech solar and ground-source heated innovative-designed

home. Fich is an astronomer specializing in studies of star formation, the interstellar medium, and the structure of galaxies. His recent research activities have focused on "small scale" formation studies of low and intermediate mass stars, circumstellar disks, and the formation of proto-solar systems.

Dessert reception. Tickets \$25. Available at door, or call 519-853-5302, or email info@actontownhall.com. Tickets also available at Acton Branch

Library, 519-853-0301 ext. 2550.

The Absolutely Acton Speakers Series is a fundraiser for the Acton Town Hall Centre.
