

MARCH 1984 30 YEARS!! MARCH 2014

It seems like yesterday when I prepared my newly leased repair shop for what I hoped would be many years of hard work, pride, satisfaction and, of course, survival. It goes a bit like this:

I had never been to Georgetown, knew only one man, and only knew him for about 20 minutes. I only met him because his car was broken.

He said, "You should start a business here. We could use a good mechanic."

That made me think! I always wanted more than just a job. I wanted to be part of something bigger.

I looked for and found a place to start. Quit my GOOD job at the dealership, crossed my fingers and started working for next to nothing for about 5 years.

I loved it! I met so many amazing people in such a short time. "What an awesome town." I thought. Now, after selling over 10,000 cars and repairing thousands more, I only have one question:

Sincerely,

WHERE DID 30 YEARS GO?

HASSELL
