

# Laurels for car dealership

Concept Ford in Georgetown is being recognized for outstanding achievement in sales and customer satisfaction with a 2013 President's Award by Ford Motor Company of Canada.

Ford of Canada is recognizing Ford and Lincoln dealers across the country for

providing a superior customer experience in sales, service and overall dealership experience.

"Earning The President's Award signifies our entire staff's dedication to delivering superior customer satisfaction day in and day out," said John Perl, dealer prin-

cipal, Concept Ford. "I couldn't be more proud to receive this recognition, especially since it comes from the people we value most – our customers. They're the reason we are able to accept this award."

Ford of Canada introduced The President's Award in 2000.

## NOTICE OF STUDY COMMENCEMENT

### CLASS ENVIRONMENTAL ASSESSMENT STUDY

Trafalgar Road (Regional Road 3) Transportation Corridor  
Improvements Steeles Avenue (Regional Road 8) to Highway 7,  
Town of Halton Hills  
PR-2960A/PR-2961A

#### Study

Halton Region is initiating a Class Environmental Assessment (Class EA) study to consider a wide range of options for transportation corridor improvements to satisfy future travel demands to 2031 on Trafalgar Road from Steeles Avenue to Highway 7, in the Town of Halton Hills. The Class EA Study will consider a wide range of road improvement alternatives as well as intersection improvements, active transportation and over-all traffic operations. The impact of alternatives on social, cultural, economic and natural environments will also be evaluated and assessed during the study.

#### The Process

This notice signals the commencement of the Class EA, a study which will define the problem, identify and evaluate alternative solutions, and determine a preferred solution in consultation with the Town of Halton Hills, regulatory agencies and the public. The study is being conducted in compliance with Schedule C of the Municipal Class Environmental Assessment (October 2000, amended 2007 and 2011), which is approved under the Ontario Environmental Assessment Act.

Public and review agency consultation is a key element of the Class EA process and input will be sought throughout this study. Details regarding the upcoming Public Information Centres (PICs) will be advertised as the study progresses. Upon completion of the study, a comprehensive Environmental Study Report will be prepared and placed on the public record for a minimum 30-day review period. The document will detail the planning process and the preferred alternative including how the public and agency input was received.

#### Comments

Please contact either of the following project team members if you wish to be added to the project mailing list or if you have any questions, comments, or wish to obtain more information about the project.
