

Innerscapes art group opens new exhibit at Holcim Gallery

The Halton Hills art group Innerscapes will display their work in the show, Images by Innerscapes, in the Holcim Gallery at the Milton Centre for the Arts beginning Wednesday, April 23 until Sunday, May 10.

Amid a series of life changing events this year, artists Herta Hajek, Tiziana Manierka, George Perdue, Eileen Simpson and Jan Zimmerman

man are coming together for their 14th consecutive spring show. This will comprise a diversity of work in acrylic, mixed media, oil and water-colour expressing the evolution of their distinct artistic paths over the years.

Since Innerscapes' inception in 2000, their goal is to continue to grow and evolve by providing a common

bond to further exploration, learning and development as a group, while at the same time to encourage and nurture the creative journey of each individual artist. Their name reflects their dedication to this purpose.

Everyone is invited to meet the artists at an opening reception to be held on Sunday, April 27, 2-5 p.m. in the Holcim Gallery.

Members of Innerscapes are in back, from left, George Perdue, Tiziana Manierka. Front, from left, Jan Zimmerman, Eileen Simpson, Herta Hajek.
