Local native making his mark in the radio biz

By EAMONN MAHER
Staff Writer

When Jesse Modzelewski got a call to interview for the vacant afternoon drive show slot on the St. Catharines-based rock radio station CHTZ-FM, the 25-year-old Georgetown native soon realized he'd be replacing a legendary voice in the Niagara region.

Known as Jesse 'Modz' on the Bell Media-owned station, the Christ the King Secondary School graduate has only been in the industry for two and a half years, but steps into the void left when longtime disc jockey 'Iron' Mike Bensson died of cancer in November at age 60. Bensson had been at 'Hits FM' since 1995 and prior to that was the popular host at a classic rock station in Buffalo for several years.

Modz has been at the controls from 3-7 p.m. on weekdays at what's known as the White House of Rock for a couple of months now and feels his "outgoing, loud and obnoxious" on-air persona is hitting the right notes with listeners.

An appreciative crowd gathered for the Glen Williams Victoria Day weekend fireworks and was treated to a great show last weekend.

Resident missing in Algonquin Park

By LISA TALLYN
Staff Writer

One of the two canoeists who went missing in Algonquin Provincial Park last Thursday is a Georgetown man.

He is 21-year-old Jeremy Marrows, it was confirmed by his friend Brennan Sullivan Wednesday. CTV reports that Tim Kolder, 19, of Mississauga is the other missing canoeist.

Members of the Killaloe Detachment of the Ontario Provincial Police (OPP), aided by the OPP Emergency Response Team, Marine Units, Aviation Unit, Underwater Search and Recovery Unit and Ministry of Natural Resources are searching for the men in the east end of the park.

Police report the two men were canoeing at Opeongo Lake Thursday evening when their canoes capsized. Neither has been spotted since.

Sullivan said Marrows was in Algonquin Park with his cousin and others on a camping/canoeing trip

"He had been talking about it for months before he

THE 2015 MAZDA6: IS IT ART OR INNOVATION?

When function and form are treated as one, engineering is elevated to an art form. The all-new Mazda6 is the product of engineer and designer working in unison, from start to finish, daring to reimagine the automobile as a whole. It is the true definition of the modern sports sedan, because contrary to what convention may think, beauty is more than skin deep. And performance is more than an emblem. They're everything underneath.
