

Car blaze, crash keep firefighters busy

Tuesday, May 13

5:11 p.m. – Firefighters responded to the report of a vehicle fire in the area of Sixth Line and 22 Sideroad. Upon arrival firefighters found a fully involved car fire two fields back from the road. Crews were able to gain access from a nearby laneway. Firefighters extinguished the car and the nearby cornfield around the car, and returned to the station. The car was being used as a field car and therefore there was no real dollar loss.

10:25 a.m. – Firefighters responded a public assist in the area of Armstrong Ave. and Dominion Gardens Dr. While en route, ambulance staff advised firefighters were not required.

Wednesday, May 14

5:55 p.m. - Firefighters responded to a fire alarm activation in the area of 27 Sideroad and Blue Mountain Place. Upon arrival firefighters found no obvi-

ous signs of fire. The monitored alarm system was not activated and did not show any information on the screen. Firefighters located a boiler room on the second floor of the residence that was extremely hot with temperatures as high as 150 degrees. Firefighters spoke to the homeowner who advised that the alarm system has done this before in the past when it loses power. The homeowner also advised that it is not uncommon for the pipes in the solar powered water system to reach 200 degrees. The system was shut down by firefighters at the request of the homeowner and the alarm system was reset.

Sunday, May 21

9:09 p.m. – Firefighters responded to a single-vehicle collision in the area of Mill St. W. and Dublin Line in Acton. Halton Regional Police and ambulance were already on scene and firefighters were advised we were not required.
