A generous gift

McDonald's Restaurant of Georgetown and Acton has donated \$10,415 to the Halton Hills Arena Users Group's Stay Home & Play Campaign as the first installment of its \$25,000 commitment to help construct three new ice pads in the municipality.

The funds will go towards the purchase of one of the ice resurfacing machines at the Mold-Masters SportsPlex in Georgetown, where two new arenas were completed this past fall. The Acton Arena is slated to become a twin-rink complex and has a tentative opening date of September 2015. As well, 10 cents from every Hot McCafe beverage sold at the Georgetown and Acton locations, including brewed coffee, has been pledged by McDonald's to be donated to HHAUG's Stay Home & Play Campaign. The Stay Home & Play Campaign will get a \$25,000 boost thanks to McDonald's Restaurant's commitment to the Halton Hills Arena Users Group for the construction of the three new ice pads, two in Georgetown and another soon-to-be-built rink in Acton. Pictures above (from left) are: Steve Cabral, operations supervisor for Onatamy Foods, Tim O'Connor, owner/operator of the McDonald's in Georgetown and Acton, along with Bob Hooper and Dave Kentner

Burn permit fee reduced

To help rural residents with the cleanup of downed branches from December's ice storm the Town is giving them a break on the open air burn permit fee through July.

Residents are still required to get an annual burn permit through Halton Hills Fire Department, but instead of paying the \$23 fee, the fee will be adjusted to only \$9, as it's waived for seven months.

Anyone who has already paid their fee will have next year's fee prorated when they renew.

Urban residents, who have yard waste pickup provided through Halton Region, aren't allowed to burn yard waste on their properties.

For information call the fire department at 905-877-1133.
