Why Ted Arnott on June 12th?

Ted Arnott warned the Liberal Government that manufacturing jobs were at risk, back in 2005. They didn't listen, refusing to allow public hearings into the competitiveness challenges our companies were facing. Since then, Ontario has lost 300,000 factory jobs.

★ ★ ★ ★

Ted Arnott spoke and voted against the Liberals' misguided electricity policies. Their ill-thought schemes have put upward pressure on rates, costing us jobs and making hydro bills unaffordable for many.

★ ★ ★ ★

Ted Arnott has always maintained that Government must live within its means and balance its budget. Under the Liberals, the provincial debt has doubled to \$289 billion in 11 years. The Liberals have repeatedly raised taxes after promising they wouldn't.
