

Region begins weekly monitoring of local beaches' water quality

With the warmer summer weather here, Halton residents are encouraged to visit halton.ca/beaches or to dial 311 to check beach water quality.

"The beaches around Halton Region are some of the many outdoor attractions we can enjoy," said Gary

Carr, Halton Region Chair. "The day you wish to go to the beach, check the website (www.halton.ca/beaches) or dial 311 for the latest beach water monitoring results."

Halton Region Health Department will do tests to determine if the water quality is acceptable for

swimming and for other recreational water activities.

Swimming in water with a high bacterial count could result in eye, ear, nose or throat infections, or gastrointestinal or stomach illnesses.

Beach water sampling takes place from June to the end of Au-

gust at the following locations:

- Prospect Park Old Beach, 30 Park Avenue, Acton
- Kelso Conservation Area, 5234 Kelso Road, Milton
- Beachway Park, 1094 Lakeshore Road, Burlington
- Brant Street Beach, Brant

Street & Lakeshore Road, Burlington

- Bronte Park Beach, Lakeshore Road/Bronte Road, Oakville
- Coronation Park West, 1462 Lakeshore Road West, Oakville
- Coronation Park East, 1462 Lakeshore Road West, Oakville
