The Halton Window & Door Company is an authorized drop off centre for Bicycles for Humanity. Drop any adult mountain bikes to us and we'll make sure they get to Africa, where they're desperately needed. A few bikes can change the lives of a whole village. Tools for repairing bikes and cash donations for shipping them are greatly needed too. Visit www.bicycles-for-humanity.org to learn more about this amazing volunteer organization. 100% of your donations go directly to the effort with none for administration whatsoever. Please make cash donations directly to Bicycles to Humanity. We will gladly accept tools and adult mountain bikes.
