Mary Kay Amos

Kids Inc. Camp

Mary-Kay and her Husband/Business Partner Jason started Kids Inc. Camp in an effort to bring the camp atmosphere often experienced at overnight camps into the day camp setting. Mary Kay Amos has been in the business for 12 years.

"We are both passionate about creating a staff team that can provide a safe and fun camp experience for our campers," she adds.

Kids Inc. Camp is an outdoor recreational summer day camp for children ages 4 to 14.

"Camp is a place that helped me to formulate a strength inside of myself, a sense of self confidence, and it also taught me the value of recreation and respect for nature and the great outdoors," says Amos.

She says the natural beauty of Halton Hills inspires people to want to get their children outdoors to explore.

"We are so lucky to have many of our camp families tell friends, family and neighbours about Kids Inc Camp. We appreciate each and every kind word that has been passed along with regards to our camp," she adds.

All Kids Inc. Camp staff members have been through an extensive interview process, pre-camp staff training, First Aid and CPR training, as well as criminal record checks. Any members of the staff team who are working in the aquatic environment are certified with the appropriate Lifesaving Society Certifications. Safety and training are paramount at Kids Inc. Camp.

Although Kids Inc Camp will be moving slightly north of where it currently operates very soon, we will continue to serve Georgetown. The new facility will have a private salt-water pool, a pond, and an amazing 35-acre outdoor park that has specifically been designed for Kids Inc Camp. Bus routes will run all through Halton Hills and continue to serve Georgetown and surrounding areas with the same passion as always. We welcome you and your family to sign up for our open house that will happen this fall after the camp season is over for 2014.
