NEWS AND INFORMATION FROM GEORGETOWN HOSPITAL JUNE 2014

Door to Door Campaign a Success

The Georgetown Hospital Foundation Community Door to Door campaign was a resounding success. With hundreds of new monthly donors signing up, the campaign exceeded expectations and we are very grateful to everyone in Georgetown, Acton, Glen Williams and Brampton who joined our monthly giving program.

Monthly gift to the Georgetown Hospital Foundation helps ensure that our caregivers have the medical equipment they require to care for our patients. Since the government does not fund clinical equipment, our hospital relies on the support of our entire community to help us acquire these vital items.
