Impaired charges after Norval crash

Decision time on Norval shale quarry Sept. 8

Brampton Brick Ltd.'s proposal to rezone 86 acres of land on the east side of Winston Churchill Blvd. north of Old Pine Crest Rd. on the Brampton side of Norval, from agricultural to mineral extraction for the quarry to extract shale will be considered by the City of Brampton on Monday, Sept. 8.

The rezoning application submitted by Brampton Brick Ltd. in 2008 was appealed by the company to the Ontario Municipal Board—which gets the final say.

City of Brampton Planning, Design & Development Committee will be presented with a recommendation report, based on nine technical peer reviewers, to either approve or deny the rezoning of the Norval Quarry from agricultural to industrial extraction land use. The

meeting begins 7 p.m. in the Council Chambers, Brampton City Hall, Fourth Floor, 2 Wellington St. W.

The report recommends continued refusal of the application, based on continued concerns.

Wide and diverse opposition to the Norval Quarry is expected at this planning committee meeting, said Janet Kuzniar of pit-STOP, the citizen group trying to stop the proposal.

"It is important that as many people from the community attend the Sept. 8 Planning Committee meeting in Brampton City Hall. Brampton Council will be deciding the future of our community, based on what they hear at this meeting from the public and Planning staff," said Kuzniar.
