Dr. Lamptey is currently accepting new patients and may be contacted at 905-873-3000.

Dr. Lamptey graduated from McMaster University, where he completed both his medical degree and residency training. In addition to maintaining a family practice, Dr. Lamptey will have privileges at Georgetown Hospital, where he will be looking after his own patients and working in the Emergency Room.

The Town, through the Physician Recruitment Program, will be providing financial assistance to Dr. Lamptey in setting up his new practice. The program provides a \$5,000 grant and a \$10,000 interest-free loan repayable over five years; the funds can be used for the purchase of equipment or to set up an office.

The doctor agrees to maintain an active family practice for a minimum of five years. The program, initiated in 2009, has helped attract eight family physicians to
