## PROVEN ...from ALL Angles

“Mayor Rick Bonnette is one of the most energetic, thoughtful and pragmatic municipal leaders in Canada today. On the “Buy American” issue which threatened 100’s of jobs in Halton Hills and tens of thousands jobs across Canada by restricting Canadian made products sold in America, Mayor Rick was the leading voice drawing international attention to the need for “fair and reciprocal trade” with our neighbours to the south.”

~Veso Sebot President of IPEX International

“I recognize in Rick Bonnette his organizational ability in that he quarterbacked our Georgetown Hospital joining the north-south relationship with Oakville Trafalgar and Milton General Hospital. Without his energy, this re-alliance would never have occurred. If this had not happened our hospital may have closed in the future.”

~ Graeme Goebelle former Georgetown Citizen of the Year
