

# VOTERS' CHOICE

## 2014 MUNICIPAL ELECTION

The mayoralty candidates answer: Why I am running for mayor?

### Rick Bonnette

**Age:** 58  
**Occupation:** Mayor  
**Past Elected Experience:** Longest serving Halton Hills mayor for the past 11 years with perfect attendance for the past seven.

Strong municipal leadership is essential to Halton Hills. I have the energy, experience and proven leadership to face future challenges head on. We have seen a lot of investment in Halton Hills, two million sq. ft. of Industrial/commercial space increasing our tax base while creating over 2,000 jobs. I want to continue this momentum. We have addressed the ice rink shortage and supported the hospital expansion to name a few. Halton Hills council is in the forefront, nationally, opposing the U.S.A.'s protectionism policy wanting free trade to be fair trade.

I want to continue to encourage economic prosperity, cultural vibrancy, healthy environment and strong social well being. I want to see the legislated 1,000 acres developed in a positive way. I want to continue to advocate for the all-day GO service and for our seniors.

I am experienced, responsive and decisive.

### Sally Stull

**Age:** not provided  
**Occupation:** Planner, MCIP, RPP  
**Past Elected Experience:** not provided

Halton Hills has been our family home for the past 23 years—a community that encompasses both urban and rural landscapes. And it's a community that will be facing increasing pressures and challenges in the future. As a professional planner with 28 years experience in both urban (the Town of Oakville) and rural (Town of Erin) municipalities, I bring credible professional experiences, fresh eyes and a new perspective to help shepherd our community forward.

GEORGETOWN  
 STEWART  
 TOWN

Vote to Elect  
**Rob Demille**  
 Ward 3 Councillor

Maintaining a small close knit community feel while managing growth in the Region.

Protecting our water resources, heritage properties and parklands.

Keeping taxes modest and finding new ways to create jobs in our community.
