VOTERS' CHOICE

2014 MUNICIPAL ELECTION

Ward 2 candidates (elect two) answer: Why am I running?

Rob Boleychuk

Age: 50
Occupation: not submitted
Previous elected experience: Volunteer member of Glen Williams Town Hall Board since 2010

I believe a new voice is needed in Halton Hills. It is quite common to have representatives who have been in office for many years, and Ward 2 is no different. While I was door-to-door canvassing several regional issues became evident: noise/disorderly conduct in Norval, garbage pick-up in rural areas, and speeding in Glen Williams. Another consistent, yet troubling message that I heard is a general lack of communication and that the majority of the constituents have never met their councillors. I believe that Halton Hills is in need of new leadership and direction that represents the voice of the Region. Deeply rooted in the community, I am eager for this new challenge and with your help on October 27 we can start making a difference together.

Ted Brown

Age: 63
Occupation: Farmer
Previous elected experience: Past committee experience: Member of Halton Agricultural Advisory Committee (HAAC), Halton Hills Brand Steering Committee (2012), Director Halton Region Museum Foundation, Vice-chair Ontario Sheep Marketing Agency District Five.

It's all about timing. On January 31 of this year, I retired from *The Independent & Free Press* newspaper after 32 years as a journalist in Halton Hills.

During that time, I worked closely with Town of Halton Hills council and staff on stories and photos, developing a working knowledge of municipal government.

When Ward 2 Councillor Joan Robson announced her retirement in February, I decided to file my nomination. As a lifelong Ward 2 resident, I know the challenges the people of the Ward face, and feel I'm well qualified to represent them. I hope to have input into the future of Halton Hills.

I've always had an interest in municipal politics, and following retirement I now have the time to dedicate to Council.

I'm a people person, bringing with me communication and people skills, as well as connections accumulated during my time at the newspaper.

Philip Lewin

Age: 65
Occupation: VP of Technical Marketing for Vinyl Window Designs Ltd, which is an ENERGY STAR award winning company.
Previous elected experience: While I have been elected to both industry and private boards of directors, I have never held public office.

My wife and I raised our family in Glen Williams. I have been a consistent participant in decision making locally, including the last Glen Secondary Plan.

My goal is to protect our community's lifestyle and heritage for future generations. We are an ideal location for development and the province is requiring significant growth. The rights of the existing community must be a critical part of the decision-making process. I do not see another candidate with the same level of commitment to our villages and way of life.

I am running because there is tremendous value in Halton Hills and I don't want to see it slip away through neglect or lack of commitment. I have always contributed as best I can to this effort and, with Councillor Robson retiring, becoming a town councillor is another way I can continue to contribute.

Bryan Lewis

Age: Experienced
Occupation: Halton Hills Ward 2 Councillor; Referee-in-Chief - Ontario University Association (OUA) Men's Hockey Program; Retired: Former NHL Referee; Former NHL Director of Officiating.

Previous elected experience: Elected to Town of Halton Hills Council since 2000 representing Ward 2- the rural portions of Halton Hills.

For 14 years I have enjoyed representing the rural area residents, rural entrepreneurs, 401 Industrial Area and the farming community of Halton Hills. My association with Town Staff, fellow elected representatives, community associations and the willingness to address homeowners' concerns has been an asset that only experience can address.

Expansion into rural areas of Halton Hills must be managed in the best interest of all of Halton Hills. This includes the 401 Industrial Corridor and areas south of Georgetown.

Arena expansion programs are in the final stages and I would like to see them completed. The governing of rural roads; rural intersection safety lighting; policing; truck traffic; Norval By-Pass; Bramwest Traffic Corridor entering the southern rural areas of Halton Hills are some of the 'issues' that should be properly guided to completion. From Terra Cotta to Mansewood, from North Speyside to Whaley's Corners and hamlets and villages between, I have enjoyed my 14 years of representing all.
