Nick D'Ovidio, Executive Chef

## The Club at North Halton

Although the golf season is wrapping up that does not mean it's time to say goodbye to The Club at North Halton. "We are more than a golf and curling club! We offer a great dining experience with a focus on fresh and varied ingredients," says Nick D'Ovidio, Executive Chef. "Our dining room which is open to members & non-members (for private events) is the perfect venue for a wedding, Christmas party, baptism or business function."

A graduate of Chef Training and Culinary Management Nick accredits his skills to working under some of Toronto's top quality Chefs. "At The Old Mill Inn in Toronto, the Executive Chef helped me become the chef I am today. From inventory to calling the orders out to the brigade, he made me understand the importance of every aspect of the kitchen."

Nick joined The Club at North Halton staff 6 years ago, "I started as a Sous Chef and made my way up to Executive Chef" said Nick. "The best aspect of the job is that it allows me to be creative. I love fresh local ingredients, and fresh simple products are what make a dish, not twenty different sauces and additions."

The Club hosts a variety of events for their members. "We once did a giant clam and lobster bake in the middle of the golf course. We dug a pit in a sand bunker, lit a huge fire, and made a dinner for forty right there in the sand. It was like having a beach in our own backyard," said Nick.

The Club offers social memberships for those that want to enjoy the clubhouse without a golf or curling membership.

## Constantine Karolidis, Halton Audiometric Centre

Constantine Karolidis of Halton Audiometric Centre has been helping people hear for more than 20 years. As a hearing instrument specialist registered with the Ontario Ministry of Health, and a member of the International Hearing Society, Constantine is able to perform hearing assessments and dispense a wide variety of hearing aids and assistive listening devices.

"Communication is critical in life. Jobs, relationships and social interactions are all more rewarding when we can confidently communicate – Canadian adults struggle with hearing loss, a figure that climbs to 1 in 3 for people over 65. The good news is, with today's modern advancements in hearing aid technology, there is no reason to 'just put up' with hearing loss anymore."

Born and raised in Georgetown, Constantine says "Helping people with their hearing is my passion and I'm very fortunate to be able to practice in a town that I love. It's very rewarding to have clients tell me the extensive positive impact our hearing aids have had on their lives."

If you or someone you know has difficulty hearing, or if you already have hearing aids and want to ensure you are receiving the most benefit you can from them, Halton Audiometric Centre invites you to call them for your complimentary assessment today.

## Bennett's Waste Disposal

Bennett's waste disposal Inc. has been serving customers in the Halton Hills area since 1991. Established originally as a rural household waste service they now have a flourishing weekly commercial bin service in and around the Halton area.

Mark Bennett, V.P. operations, spent a number of years in the waste business prior to entering into this venture.

Mark's business is truly a family affair: in addition to his father Colin, he also works with his Mother and sister. Ritchie, Office Manager, Alastair, David and Fulton round up the operations crew.

"Working with my family is fantastic" Mark says "We work together all week but still socialize on weekends."

They offer a personal service rarely seen in today's fast paced world. If you forget to put your garbage out they will wait or go to the door. Miss a couple of weeks and the office will call to see if everything is o.k. Their drivers will always slow down to pass dog walkers, hikers and cyclists on the rural roads.

"We have known many of our clients for 20 years "Mark smiles "and they often call the office just to chat to my Mom or stop us on route to discuss any issues they may have, or just to say Hi"

It may take a little longer to provide this friendly and personalized approach but in the long run it pays off with phone calls and letters thanking us for just doing our job"

Remember our motto "Your Garbage is our bread and butter".
