Search on for Faces of Change

The Change Foundation has announced the launch of its 20 Faces of Change Awards, which will honour those who have inspired positive patient-centred change in Ontario's healthcare system.

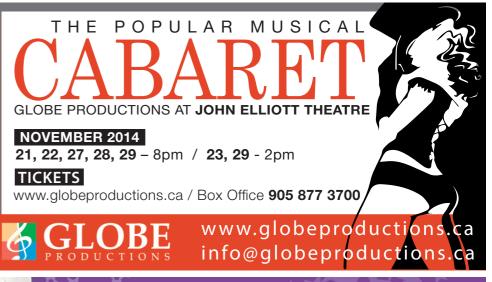

The 20 Faces of Change Awards will recognize 20 people, teams, groups or organizations whose hard work and innovation have had a major impact at the individual, community, organizational or provincial levels.

"As a person involved in the Foundation's standing citizens' panel, PANORAMA, I encourage residents in the Georgetown region to join this exciting 20 Faces search. It's a wonderful opportunity to nominate people in our own community so that the great work that is happening right here is recognized and profiled across Ontario," said Peter Creditor from Georgetown.

PANORAMA consists of 31 panelists from across Ontario.

Ontarians from all aspects of the healthcare system who have been instrumental in changing the patient experience for the better are eligible to be a Face of Change, including patients, caregivers, healthcare leaders and organizations, family members, community members, volunteers and staff.

Those wishing to submit a nomination are asked to visit the official website at www.20FacesofChange.com. Nominations will close on Nov. 28.

This coming holiday season, not every child will wish for the same things.

November is Woman Abuse Prevention Month. One out of every four women will be abused at some point in her life.

Halton Women's Place needs your help to close the door on abuse.
