ENGINEERING TECHNICIAN

Halton Hills Hydro Inc. is currently seeking a dynamic, highly motivated individual to fill the position of Engineering Technician. The successful candidate will play an important role on the Engineering Team. Under the direction of the Engineering Supervisor, the successful candidate will design, prepare cost estimates and work order packages for various electricity distribution system projects.

The duties for this position will include, but not be limited to, the following:

- Design and prepare cost estimates, contracts, and work order packages for various electricity distribution system projects including overhead, underground (for new, rebuild and subdivisions), new service design (residential, commercial, industrial), and obtain all necessary approvals required for construction in accordance with approved standards;
- Construction site inspection to ensure work is done in accordance with our Construction Verification Program; gather and maintain field and office records for permanent records;
- Monitor progress of projects and prepare reports.
- Prepare and provide input in the development of construction standards and material specifications;
- Supply technical and installation specifications to others, including utility personnel, customers, contractors, regulators, road authorities and consultants;
- Prepare micro-generation connection projects including project coordination with customers, preparing documentation and contracts, connection estimates, drawings, and updating utility personnel and regulatory agencies as needed;
- Assist with asset management programs;
- Coordinate and schedule construction of projects with Operations and contractors;
- Prepare annual budgetary estimates;
- Perform Locator duties in a backup role as required;

REQUIREMENTS:

- Graduate of a 2-year Electrical or Electronics Engineering Technician program.
- Preference will be given to those with a minimum of 2 years relevant experience in the engineering field.
- Applicants for the position must be registered as a Certified Engineering Technician (C. Tech.) with O.A.C.E.T.T. (or be currently registered as an Associate Member).
- Experience with GIS and SCADA systems will be considered an asset.
- Good working computer knowledge, including proficiency with AutoCAD, Excel, Word & Microsoft Office Suite.
- Applicants must have an excellent safety record and strong safety awareness.
- Applicants must have an exceptional attendance record & proven time management skills.
- Dependability: is reliable and can be counted on to complete assigned work within permitted timelines, has the ability to work with minimal supervision.
- Problem solving: takes all relevant information into consideration and stresses a collaborative approach to problem-solving.
- Adheres to policies and procedures, letters of instruction, and departmental practices.
- Must be a highly motivated team player with strong interpersonal and communication skills to interact with both internal and external clients.
- Must possess a valid Ontario Class G Drivers license with a clean driving record.

The successful candidate will be paid in accordance with our Collective Agreement along with a comprehensive benefit package.

Interested applicants should forward their detailed resume, by 4:00 p.m. E.S.T. on Friday February 13th, 2015 in confidence, to:

hr@haltonhillshydro.com

Halton Hills Hydro is an equal opportunity employer.

We sincerely thank all those who apply; however only those applicants selected for an interview will be contacted.
