The United Way of Halton Hills is now at 80 per cent of their goal with only just a few weeks to go before the 2014 campaign wraps up and needs help to reach their goal to serve the needs of our community.

Since the United Way Halton Hills announced their 2014 campaign goal of \$400,000 this past fall, they have been working hard towards raising it. They have seen some local businesses demonstrate real leadership in making a difference in our community, and the generosity of residents has also been very encouraging.

The United Way is grateful for the results to date but their work is not yet done.

"We are reaching out to our

your donations we can make a positive impact on the lives of our residents!" says Susan Ksiezopolski, United Way Halton Hills Campaign Chair.

Ksiezopolski praised local company TD Williamson Canada of Georgetown for its recent donation of \$7,292 to the United Way.

"We would like to thank TD Williamson for their outstanding

caring community for help to bridge the gap and reach our goal.

Through

efforts in supporting our United Way," said Ksiezopolski.

"They are an excellent example of how a caring organization can pull together and create a positive impact in the community in which they operate. Their generous donations help change lives," she said.

United Way Halton Hills has been serving our community for over 28 years, funding a broad network of agencies that provide social services to one in three of our local Halton Hills residents. Be a change hero and help them reach the \$400,000 goal!

Donations can be made through the United Way Halton Hills website www.unitedwayof-haltonhills.ca or call the United Way office, 905-877-3066.
