

# Who's coming? Special guests with great tips

Throughout the show the main stage— managed by Anthony Andrews and Party Cinemas— will be a hub of activity.

Appearing will be alternative medicine expert, City TV host, clinician, educator and author Dr. Bryce Wylde and award-winning home stager Ginny Truyens, the owner of Feels Like Home 2 Me. Throughout the show there will also be ongoing seminars and demonstrations from local experts and videos from the “Home Town Living at Its Best” video contest will be shown. Winners of that contest will be announced Saturday.

Truyens will take the stage at 6:30 p.m. Friday and 10:30 a.m. Saturday to share valuable staging tips and strategies.

Her love of home styling began when she was seven years old. Even then she had a passion for selecting furniture and decorative accessories to create appealing rooms. She now enjoys using that talent to help sellers,

GINNY TRUYENS

investors and real estate professionals maximize their sales.

Wylde, whose specialty is homeopathy, clinical nutrition, supplementation and botanical medicine is known as one of Canada's leading alternative health experts.

He will be appearing at 1 p.m. Saturday.

Wylde is the Associate Medical Director at P3Health in Toronto and blends the latest in human in human biological and

genomic screening, science and technology, and uses new, traditional, and ancient remedies.

He began his television-hosting career with CTV in 2008 on the CP24 hosting his own hour long highly rated weekly television show, Wylde on Health. He is currently the health and wellness expert on City TV Breakfast Television and CityLine.

Prior to his own show, Wylde has been a regular expert guest on many national and international shows including The Doctor Oz show. He has frequently appeared on CTV's Canada AM,

BRYCE WYLDE

ABC's Good Morning America Health.

Wylde is a registered and active member of the Ontario Homeopathic Association, a registered member of the Society of Free Radical Biology and Medicine, a member of the Institute of Functional Medicine, and a member of the International Society of Orthomolecular Medicine.

The natural health world is riddled with junk science which fuels Wylde's mission to 'debunk the junk'. After joining forces with two world class CLIA certified laboratories, he has created a line of test kits called MyStatus™ that provide consumers the power to discover personal levels of vitamins, minerals, antioxidants, hormones, toxins, brain neurotransmitters, and much more.

Over the years Wylde has also worked closely with various community outreach programs, fundraisers, and other altruistic campaigns to aid in awareness and raising funds for worthy causes.

Wylde is the author of the national best sellers, The Antioxidant Prescription: How to Use the Power of Antioxidants to Prevent Disease and Stay Healthy for Life, Wylde On Health: Your Best Choices in the World of Natural Health, and Power Plants: Simple Home Remedies You Can Grow.
