

Region to hold Ninth Line reconstruction info meeting

Halton Region is holding a Public Information Centre (PIC) next week on the Class Environmental Assessment Study for road improvements on Ninth Line.

The PIC will be held Tuesday, May 26 from 6:30 to 8:30 p.m. in the cafeteria at Georgetown District High School.

As part of the study a number of road improvement alternatives have been examined

including intersection improvements, active transportation and overall traffic operations to 2031. The impact of road improvements on social, cultural, economic and natural environments have been evaluated and assessed.

A future (final) PIC will be held to present the design concepts, evaluation of alternatives and the recommended preliminary design.
