## Always bring your list of medications

Have you ever gone to the emergency room or walk-in clinic and wondered why you were asked what type of medications you were taking? The short answer is simple – some medication combinations can produce bad reactions. It is very important that your healthcare team knows what prescription and non-prescription medications you take at home before deciding on how to best treat your current or chronic condition.

Always carry a complete and accurate listing of all the medications you're taking regularly. Put it in your wallet or purse; be sure to update it regularly. This list should include prescription drugs, over-the-counter medications such as vitamins, supplements or herbal remedies, and any other non-prescription medications such as cold or pain medication. Make sure you include the dosage for each medication you are taking.

## Georgetown Hospital Volunteer Association completes pledge

The Georgetown Hospital Volunteer Association (GHVA) celebrated its 2014/15 accomplishments at their Annual General Meeting on May 20, 2015. They proudly closed out their \$250,000 commitment to the Georgetown Hospital Redevelopment Project by presenting their last \$50,000 installment. We would like to to applaud the GHVA's dedication and commitment to community healthcare and its hospital and thank its members for their support and generosity towards our patients, families and staff. Congratulations on an another amazing year.

(L-R) Lorenzo Biondi, Vice chair HHS Board of Directors; Denise Hardenne, HHS President and CEO; Cindy McDonell, GH Chief Operating Officer; Carole Hunt, GHVA Treasurer; Marie Carney, GHVA President and KC Carruthers, Director of Development, GH Foundation.
