Area residents had the chance to learn more about a townhouse development and condominium proposed for the property behind and adjacent to the Halton Hills Civic Centre at a recent public meeting.

Humberstone Lands Inc. and

Trafalgar Georgetown Ltd. are seeking a zoning bylaw amendment and Draft Plan of Subdivision approval for the proposed development, which is to consist of 102 street two-storey town house units (Area A) and up to 72 condominium units in a mid to high-rise building (Area B). The property consists of two separate parcels—a 12.43-acre property where the

townhouses are to be built and a .35-acre parcel for the proposed condominium. The parcels are separated by a tributary of Black Creek.

Area A is proposed to be rezoned from a Development Zone and Environmental Protection One zone to site-specific Medium Density Residential One Exception zone and Open Space One zone.

Area B is proposed to be rezoned from a Development zone and Environmental Protection One zone to a site-specific High Density Residential Exception zone and Environmental Protection One zone.

Also for the townhouse property, the applicant is seeking reductions to the front yard setback from 4.5 to 3.75 metres, and rear yard
