Where colour lives!

**Do you have empty coffee cans?**

Willow Park Ecology Centre (WPEC) has hosted a monthly drum circle for over three years. To involve the kids more, WPEC has held a drum-making session where the kids can make their own unique drum and drum beater to play along.

Since starting, participants have made hundreds of drums and other instruments from recycled tubes, cans and other supplies.

However at the start of this new season, WPEC is low on supplies and is reaching out to the community for donations of large coffee cans and tins.

Please drop off any cans that you have to Carolyn Martin at 47 Irwin Crescent as soon as possible or— if you have lots— email Martin at [carolyn@willow-parkecology.ca](mailto:carolyn@willow-parkecology.ca) for a pickup.

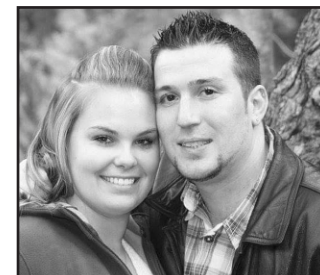

Please remember to save the empty cans for WPEC throughout the year.

*Task*, the day has arrived that you have finished your schooling. We couldn't be more proud of what you have accomplished over the past 21 years, from watching you grow to become passionate about everything you do, to watching you take care of your baby sister. We want to say congratulations on your achievement and can't wait to see what you will accomplish in the future.

*We love you lots.  
Mom, Dad & Annette*
