Halton Police: Acton driver blows nearly five times the legal limit

A 55-year-old Acton man faces impaired driving charges after allegedly driving with nearly five times the legal limit of alcohol in his system on Wednesday evening of last week.

Police said they were contacted shortly before 6 p.m. after a man was denied the opportunity to purchase liquor at a Acton LCBO.

This incident marked the man's third attempt to get alcohol throughout the day, officers said.

Following this latest attempt LCBO staff reported seeing the man get in a vehicle and drive away.

Police were contacted, with an officer arresting the man near his residence and transporting him to the police station where a Breathalyzer test was performed.

Police said the testing yielded a reading of 360 mg/100ml— nearly five times the legal limit.

The 55-year-old Acton man has been charged with impaired driving and driving with a blood-alcohol level over 80 milligrams.

Police remind the public that impaired driving is a crime in progress and anyone who suspects a driver to be impaired should contact 911.

Peace of mind
