

Autumn colours are changing slowly

Autumn is a busy time of year for sightseers and locals who want to enjoy the changing colours of the season. Some of the best places to admire fall colours are just a short drive from the city. Credit Valley Conservation (CVC) has a number of conservation areas that offer ideal opportunities to take in autumn's splendor.

"This is an ideal time of year to get out and enjoy nature," said Mark Thompson, Senior Manager, Corporate Assets for CVC. "We encourage visitors to enjoy the vibrant colour change at our parks. We are so fortunate to have several properties on the Niagara Escarpment that provide beautiful scenic locations for day trips."

Some of the best autumn displays are at Terra Cotta, Limehouse, Silver Creek and Belfountain Conservation Areas, in the heart of the Niagara Escarpment. There is plenty of colour at other CVC properties throughout the Credit River watershed, from Rattray Marsh on the shores of Lake Ontario to Island Lake Conservation Area near Orangeville. Each of these areas offer opportunities to explore nature together and to appreciate the splendor of fall colour changes on trails, boardwalks, bridges, or bike paths.

Fall colour experts across the province advise that colours are changing slowly this year. The progress of autumn colours is un-

Halton Hills resident Joe Mlodozenec took this Thanksgiving weekend shot on Eighth Line, north of Hwy. 124.

predictable from year to year because of shorter days, rapid temperature change, rain and wind. If you wait too long, however, you may miss the fall spectacle.

For weekly updates about fall colour progress at CVC conservation areas, please visit www.creditvalleyca.ca/news/story/fall-colours-at-the-conservation-areas/, or follow CVC on twitter at twitter.com/cvc_ca.

Ugly Kitchen or Bath? Refinishing Saves you Time and Money!

BEFORE

AFTER!

In addition to countertop and cupboards... bathtub and tile refinishing can also extend the life of your existing fixtures!

Miracle Method of Brampton has a solution to help update your kitchen or bathroom without the high cost of renovation! "Why renovate when you can refinish, in just a few days?", says Bruce Edgar, owner.

Not only is refinishing fast, but you'll save up to 50-75% over the cost of replacement. Since surface refinishing doesn't require weeks of messy construction, in just 2-3 days, your kitchen and bathrooms will be beautiful again.

"Our customers can save thousands of dollars and the results are beautiful! We can create an updated new look over your existing surfaces using our Natural Accent® finishes", continues Bruce.

Natural Accents® are available

in a wide array of colours and can be applied on laminate, tile, fibreglass, acrylic, Corian® and cultured marble surfaces. Miracle Method can give you a high-end look without the high-end cost.

"Kitchen counter tops are the new WOW factor for homeowners," continues Bruce. "We also spray and refinish cupboard doors and bases and the transformation is simply amazing! We use an HVLP spray system, NOT a paintbrush, and the topcoat lacquer is the same that kitchen cabinet manufacturers use." Compare refinishing to the cost of replacing or re-facing and you'll see that you can save money.

Miracle Method is the largest surface refinishing company in North America & provides residential and commercial services. "As a company, we

fix problems at hotels, schools, senior care centres, apartment complexes, universities, colleges and more. We are always ready to help!" Be inspired by the amazing transformations in our photo gallery and explore all the services we have to offer by going to our local website at: miraclemethod.com/brampton
