

Robert and Marianne Bechard would like to congratulate our daughter, **Dr. Melanie Bechard**, on her graduation from the University of Toronto Mississauga Academy of Medicine, where she earned the third highest academic standing in her class of over 250 medical students and multiple awards for leadership, ethics, and patient care.

With Melanie, we would like to thank a number of people who made this long-standing dream come true:

- Mrs Gail Rutherford who taught her how to read.
- The teachers at Christ the King Secondary School, who inspired an exhaustingly inquisitive student for four long years.
- The staff and cadets of 756 Wild Goose Air Cadet Squadron who taught her the sky is literally no limit.
- Siblings Chris and Jenny who humbled her with frequent reminders that she's not as cool as she thinks.
- Baki and Djeda Kadlec who provided her with constant love, financial support, shelter and ample food during medical school.
- Oma and late Opa Bechard who spoiled her with endless love, support and cookies.
- Uncle Frank and Aunt Heather, who helped Melanie to develop the inflated self-confidence that allows her to tackle any challenge.
- The countless family and friends.

We wish Melanie all the best as she begins Paediatrics residency training at Toronto's Hospital for Sick Children. We would like our neighbours to know that it was well worth the years of playing chauffeur and that anything is indeed possible with good old-fashioned determination.

## NEWS

# Health Dept. makes it easier for parents to report immunizations

Halton Region's Health Department has released an online immunization reporting form to give parents with children attending schools in Halton a more convenient way to report required immunizations. The form is available at [halton.ca/immunize](http://halton.ca/immunize).

While the majority of families in Halton Region immunize their children to protect their health, many are unaware of their legal requirement to notify the Halton Region Health Department about any required immunizations their children have, especially those the province requires for school attendance.

Parents can update their child's immuniza-

tion records by going online at [halton.ca/immunize](http://halton.ca/immunize), dialing 311 or dropping off an up-to-date record at 1151 Bronte Road in Oakville.

Immunizations are available through family doctors or at one of Halton Region's immunization clinics. If children are unable to get immunized, they must have a notarized exemption on file with the Health Department in order to meet school attendance requirements.

To learn more about which immunizations are required to attend school and how to report immunizations, please visit [halton.ca/immunize](http://halton.ca/immunize).

## Sweet Life Road Show is a hands-on experience

Continued from page 14

"With good driver training, structured practise and some solid preventative strategies, the mistakes that contribute to most crashes can be avoided."

The Sweet Life Road Show is a hands-on learning experience that uses computer gaming, peer theatre, and fun activities to help youth understand how to deal with tricky situations including:

- Why multitasking while driving is a myth, and how to deal with cell phones while driving
- What to say when a friend is driving recklessly

Partners in the event included the Ontario Trucking Association, 407etr and Drive For Life. In 2015, the events will engage more than 6,000 teens in over 20 Ontario high schools.

## OVERNIGHT PARKING RESTRICTION

Uniform Traffic Control

By-law No. 84-1 prohibits parking on any highway between:

2:00 a.m. – 6:00 a.m. (Daily)

November 15, 2015 to April 15, 2016

Applies to all streets under the jurisdiction of the Town of Halton Hills, unless authorized signs indicating otherwise are specifically posted. Motorists are reminded that By-law No. 84-1 also prohibits the parking of a vehicle on all Town or Regional Roads for longer than 5 (five) consecutive hours at any single location, unless otherwise specifically posted.

On-street parking hinders snow clearing and other road maintenance operations. Your co-operation is requested. Please comply with the requirements of this By-law.

### AUTHORITIES MAY HAVE VEHICLES TICKETED OR TOWED AWAY AT THE OWNER'S EXPENSE.

Motorists should note that Parking Control Officers will be on patrol through the duration of the parking restriction period and will ticket and/or have the offending vehicle removed.

### Snow Removal

The placing or pushing of snow or ice onto roadways or cleared sidewalks will obstruct or encumber vehicular and pedestrian traffic. Do not push snow across roadways because the trail of snow does turn to ice. The Town's Obstruction, Encumbering or Fouling of Highways By-law No. 90-68 prohibits such action.

### AUTHORITIES MAY HAVE SNOW AND ICE REMOVED AT THE PROPERTY OWNER'S EXPENSE

Improper snow and ice clearing can be a serious hazard to motorists and pedestrians. Your co-operation is requested. Please comply with the requirements of this By-law.

The winter season will soon be upon us. Be alert for snow plows and stay back at least 15 meters behind the trucks. Please avoid parking on streets during snowstorms to assist Public Works staff with winter control.
