davidcanavan@royallepage.ca

David Canavan grew up in Mississauga until the age of 12, and then moved to Hillsburgh. David always had a fascination, and a deep passion for beautiful properties, luxurious lifestyles, and the finer things in life. This appreciation led him to the University of Guelph where he majored in Real Estate and Housing. David has years of customer service & farming experience as well as community involvement coaching Rep hockey for 3 years. He has a great appreciation for the difficulties, excitement, and all of the challenges that come along with making such an important investment. David's willingness to help others and his outgoing personality makes this career move a perfect fit. David fell in love with the company, coworkers, the area, scenery, the rolling hills, and has dreamt of providing people with that same experience, excitement and much needed change; whether it is their first home, or the last!
