addressed to parents of children attending McKenzie-Smith Bennett Public School. "The restriction will remain in place until this matter is resolved through the judicial system."

Waterloo Police began the investigation after receiving complaints from the National Child Exploitation Coordination Centre, about incidents regarding a male exploiting children online dating back to March 9, 2017.

Ly was arrested after police executed a search warrant at his home in Kitchener, where officers seized digital devices.

Police allege the charges are related to three victims, children ages eight to 10.

## POLICE AND FIRE

# Cigarette cause of house fire, says Ontario Fire Marshal

The Ontario Fire Marshal has finished their investigation into a house fire on Raylawn Cres in Georgetown where a man died over the weekend and say the cause of the fire was from a burning cigarette in the basement.

"It's an accidental fire," said Mike Ross, with Ontario Fire Marshal's office. "The cause of the fire was from smoking on the sofa in the basement."

The man who died as a result of the fire was the only person in the house at the

time.

"There's no suspicions or anything in relation to the case," said Ross, adding the home sustained smoke damage throughout, but "the fire was largely contained to the basement."

He says that toxicology reports from the coroner would determine whether or not factors like alcohol played a role in the incident.

Police have not yet released the identity of the deceased, or the cause of death.
