PLUS Meet with our Decksperts for your Free 3D deck design.

NEWS

Veronica Appia/Metroland

Georgetown shoppers can now order their Walmart groceries online, or on the Walmart app, and pick them up at a time that is convenient for them.

Walmart launches grocery pickup service in Georgetown

For those who need to grab groceries in a jiffy, there's an app (or website) for that.

Georgetown shoppers will now be able to purchase their groceries on Walmart.ca, or using the Walmart app, select a pickup time and simply show up to the

Georgetown Market Place at the time specified.

A Walmart representative will have the selected groceries ready to go. Once parked in the designated grocery pickup parking, located at the back of the Georgetown Market Place, shoppers are required to

call the phone number on the sign in front of them. Then they can sit back and relax. Their groceries will be delivered and loaded into their vehicle.

In order to be eligible to use the service, all grocery orders must be a minimum of \$50 before taxes.
