Whether it's through lucky numbers or a Quick Pick gone right, when it comes to winning a Lotto 6/49 jackpot, Halton Hills residents haven't been having much success.

According to data obtained from the Ontario Lottery and Gaming Corporation, from January 2008 to February 2018, zero jackpot-winning tickets were purchased in Halton Hills. However, in 2015, two Halton Hills residents were part of separate group wins with tickets purchased outside of town.

The first win, a jackpot prize of \$10,052,203.30, was shared by a group of three people. The draw took place on Jan. 21, 2015 and the ticket was purchased at a Petro Canada in Markham.

The second, from July 22 of the same year, was a group win of 14 people and a total prize of \$20,532,024. The ticket was purchased at Mount Royal Smoke Shop in Burlington.

Exposure to cigarette smoke may hasten hearing loss as you grow older.

Monitoring more than 3,500 people between the ages 48 and 92 for 3 years, University of Wisconsin Medical School researchers found that smokers were almost twice as likely as non-smokers to have trouble hearing. Some scientists think cigarette smoke has a toxic effect on inner-ear cells, while others believe it may constrict blood flow to the inner ear.
