Veronica Appia/Metroland

Jude Gaboury, Landscape Architect for the Town of Halton Hills (left), and Fred Reinders of R&M Construction walk across the new pedestrian bridges at Halton Hills Public Library in Acton.

Acton library gets new pedestrian bridges

Halton Hills Public Library in Acton has revitalized its pedestrian bridges through a partnership between the Town of Halton Hills and local business R&M Construction.

Two new, sleek bridges adorn the library and are ready for use by the public.

Both bridges were completed the week of May 7.

Town of Halton Hills assigns cooling centres

As the weather gets hot, hot, hot, the Town of Halton Hills is asking residents to be cognizant of heat-related illness and to make sure they are not outside for prolonged periods of time.

To provide some refuge from the smouldering weather, the town has assigned the following locations as cooling centres, to be used by residents to cool down during days where heat warnings are in effect. A heat warning is issued when forecast temperatures are expected to reach 31 C or higher with overnight temperatures above 20 C for two days, or when a humidex of 40 or higher is expected for two days.
