

CELEBRATING

Mr. Ed Lewis

Having been trained at school in auto mechanics, Ed Lewis began his career at age 19 when he rented/leased a Texaco Station in Malton in 1956. Ed still has one of the original orange supersets Gas pumps (as seen in the picture) in the Georgetown Chrysler showroom. In 1981 he expanded his business by opening the Airport AMC/Jeep/Renault dealership. This began the beginning of a much bigger picture and career of owning dealerships for over 35 years.
