HALTON HILLS FIRE DEPARTMENT RECEIVES \$2,500 GRANT FROM UNION GAS

Union Gas is continuing its support of Halton Hills Fire Department's Carbon Monoxide Awareness and Home Safe Home programs with a \$2,500 grant.

"All Union Gas employees take a proactive approach to preventing safety issues and take immediate action when a safety issue is identified," said Marc Hoewing, Union Gas field supervisor technician. "We know that the Halton Hills Fire Department are committed to keeping the community safe each and every day.

This is seen through their actions and the safety programs that they provide. We're proud to support these efforts."

The Ontario Fire Code requires carbon monoxide (CO) alarms to be installed in every home and in all residential buildings where a fuel-fired appliance or an attached garage exists.

The Halton Hills Fire Department's Carbon Monoxide Awareness program and Home Safe Home Fire Safety program educate citizens on the re-

quirements, proper installation and maintenance of CO alarms. The \$2,500-grant will be used to purchase additional educational materials and CO alarms, to continue these valuable programs.

"Smoke and CO alarms are critical life safety devices that are required in every residential home. We are very proud to have a partnership with Union Gas," fire Chief Harry Olivieri said. "Their assistance helps Halton Hills citizens be safe from carbon monoxide poisoning."
