helped his country defend the gold medal at the World Indoor Lacrosse Championships.

"As a kid, you never think playing lacrosse that you're going to have a chance to represent your country," he said. "Getting to play for Team Canada, and then being able to win a world championship - it was incredible."

Chapman returned home where he completed his hat trick, winning the Mann Cup - Canada's senior championship - for the third time in four years with the Brampton Excelsiors.

For most of his career, Chapman worked as an emergency room nurse at Joseph Brant Hospital in Burlington. He said that his

co-workers were always very supportive, and he could always find someone to trade shifts to allow him to play the game he loved.

For the last few years, he has worked in infection control at the hospital.

The new job had more regular hours, making it easier to balance lacrosse, his career and his family life with his wife Sarah and their three kids.

Now, he'll focus on giving his kids the same opportunities that he had.

"In Acton, being a small town, you had the opportunity to play anything you wanted," he said.

It was lacrosse, though, where Chapman left his mark with a career - even he could not have foreseen. "I definitely didn't expect to play 17 years," he said, "but man, it was fun."
