OPINION

SCRABBLE FOR LITERACY EVENT A SUCCESS

On March 18, Adult Learning Centre-Literacy North Halton held the annual Georgetown Scrabble for Literacy event.

Local word lovers came out for an evening of fun and secured pledges from family and friends in support of adult learners and literacy. Our event this year was, once again, generously sponsored by the Maple Lodge Farms Foundation.

We truly appreciate their continued support of our organization and adult literacy initiatives in the communities of North Halton.

We would also like to thank our prize sponsors The Glen Tavern and Georgetown Thai, and the Georgetown Branch of the Halton Hills Public Library for the venue.

In today's more technological society, literacy, numeracy and aptitude with digital tools like computers, the internet and new workplace technologies are the critical building blocks to economic success.

Lifelong learning and skills building will open doors and create opportunities for adult learners and workers.

On behalf of our board of directors and staff, thank you again to our event sponsor, players and donors.

MICHELE PROUD
EXECUTIVE DIRECTOR, LITERACY NORTH HALTON
