Positivity - it's an emotion you might not expect from someone who has been fighting cancer for most of her life.

But when you meet Georgetown's Kathryn Stewart, her optimistic outlook and bubbly personality are undeniable.

"It has been a good 11 years. I don't think I would change anything," said the petite 16-year-old as she reflected on her ongoing battle with cancer. "It's made me who I am, and I'm proud of who I am today."
