

GEORGETOWN, MEET YOUR NEW NEIGHBOURS

There's a beautiful new senior living residence in Georgetown, just a short walk from historic Main Street. Combining the best of small-town living with all the comforts of a big city, Amica Georgetown is a warm and welcoming place. And it starts with the team at the heart of it all.

GOING ABOVE AND BEYOND

"Our purpose is to go above and beyond in everything we do," explains Brian Townend, General Manager of Amica Georgetown. "We offer so much to our residents including extraordinary cuisine, fitness, wellness, and a host of other programming that makes life here so rich and rewarding."

CHOICE ACTIVITIES, AMENITIES AND SERVICES

Michelle Payton, Director of Wellness, is excited to show off the many ways the new residence has been built to meet all the physical, intellectual and social needs of the seniors who live here. "We're so proud to be able to encourage our residents' choices," she says. Whether it's joining in on activities such as movie nights, creative workshops, social events and outings, or relaxing with a

good book in the sunny library, Amica Georgetown residents set their own schedule every day.

It all starts with the beautiful architecture, thoughtfully designed for comfort and accessibility. Seniors will find all the amenities and services that come with a well-appointed senior living residence including a concierge, fully licensed dining, indoor pool, fitness centre, hair salon, patio with greenhouse and more.

THE IMPORTANCE OF GREAT FOOD

When it comes to dining, Director of Culinary Services Christopher White brings his passion for great

food to everything he does, knowing today's seniors want flexible culinary choices and dishes made with fresh, seasonal, locally sourced ingredients. As a Red Seal chef Christopher likes to challenge perceptions of senior living with beautiful, restaurant-style cuisine. "We love it when residents come into the dining room knowing they can sit back and be taken care of."

PERSONALIZATION IS THE GOAL

In fact, every single member of the Amica Georgetown team brings enthusiasm to their job with personalization being the common goal. Thanks to a unique "discovery process" seniors are encouraged to share details about their life, likes and dislikes, so team members can provide a truly personalized experience. Michelle Payton sums it up this way, "Discovering who each resident is as a person and learning what's important to them helps us provide care just the way they need it and leads to more meaningful interactions and quality of life for residents and team members."

DESIGNED FOR YOUR LIFESTYLE

Amica Georgetown meets the

needs of seniors in Halton Region no matter which lifestyle they desire, from staying active and independent to getting assistance with daily living activities to living well with dementia. It's all part of Amica's goal of meeting the needs of its residents, even as those needs evolve, so seniors don't have to worry about moving again.

COME AND MEET THE TEAM

If you're considering a move to senior living for yourself or for a family member or friend, the team at Amica Georgetown looks forward to meeting and learning more about you. You'll find them in the beautiful new residence, just a short walk from historic Main Street.
