... Lend Me Your Ears

WHAT YOU SHOULD EXPECT FROM HEARING INSTRUMENTS!

Part 1

Although hearing instrument technology has greatly improved over the years, the fact still remains that

nothing can mimic the human ear. Due to the damage in your ears that is causing hearing loss, you will never be able to hear as well as a normal hearing person. Expecting results from your hearing instruments that cannot be achieved will only lead to frustration and dissatisfaction. By asking your hearing professional questions and describing your experiences, the optimum performance can be reached to match your expectations. The following are some facts:

* The extent of improvement to your hearing is directly proportional to the severity and the duration of your loss.

* The more severe the hearing loss the harder it will be for the hearing instruments to restore your hearing to near normal.

* The longer the duration of your hearing loss the harder it will be for your brain to adjust to the new sounds.

Serving the community of Halton Hills and surrounding areas since 1992

OPINION

LIONS CLUB NEEDS VOLUNTEERS FOR SANTA CLAUS PARADE

For over 87 years, the Georgetown Lions Club has organized and staged the annual Santa Claus Parade. For the last few years, the parade has been an evening event with literally thousands of spectators enjoying the parade. Hundreds of volunteers' hours are required to run the event.

Many residents believe the town of Halton Hills runs the event. While they do provide assistance, the Lions Club provides most of the volunteers, and the funding comes from our corporate and private sponsors. Each year, our costs continue to rise as we endeavour each year to produce a great

parade. However, it is becoming more and more challenging.

We will require many volunteers to man our crowd-control barriers in order to keep our costs down. We are looking for mature adult volunteers at each traffic barricade on the parade route.

We are currently looking for 50-60 volunteers to help along the parade route to keep both our spectators and parade participants safe.

The amount of time required is about 3-4 hours, from 4:30 p.m. to approximately 7:30 p.m.

There is a great benefit:

you will have the best view of the parade.

We will be hosting a complimentary breakfast the morning of the parade at our Lions Hall for those who wish to volunteer.

If you are interested in participating, please email me at louievio1067@gmail.com and leave your name, phone number and email address. Your assistance is greatly appreciated.

Santa Claus is coming to Georgetown on Saturday, Nov. 16. Santa's elves would greatly appreciate the help, which will ensure Santa arrives this year and for many years to come.

NEWS

DAYLIGHT SAVING TIME SET TO END

It's time to fall back, folks.

Halton Hills residents are reminded to set their clocks back an hour before they go to bed Saturday night. Daylight Saving Time officially ends at 2 a.m. Sunday (Nov. 3).

The Halton Hills Fire Department encourages residents to use the time change as an opportunity to check - and if need be replace - the batteries in their smoke alarms.
