**Metrolinx** is proposing a telecommunication facility located inside the Robert C Austin Operations Centre at 11620 Trafalgar Rd, Halton Hills, ON. The proposed facility, which will be located on the north-west corner of the subject property, will include a 71 meter standalone telecommunication tower, a shelter and a backup generator located near the base. The purpose of the tower is to improve radio communications for GO Transit in the area.  
 Public comments are invited.

Written comments should be submitted to:

**Tony Mihocas**  
 T: 416-553-2496  
 Email: [tony.mihocas@metrolinx.com](mailto:tony.mihocas@metrolinx.com)

Innovation, Science and Economic Development Canada:  
 Central and Western Ontario District Office  
 Email: [ic.spectrumcwod-spectredcoo.ic@canada.ca](mailto:ic.spectrumcwod-spectredcoo.ic@canada.ca)

Contact information for the Town of Halton Hills:  
 Ruth Conard T: 905-873-2601 x 2214  
 Email: [rconard@haltonhills.ca](mailto:rconard@haltonhills.ca)

Deadline for receipt of written comments is:  
**January 20th, 2020.**

Telecommunication tower/antenna facilities are exclusively regulated by Federal legislation under the Radiocommunication Act and administered by Innovation, Science and Economic Development Canada. Therefore, Provincial legislation such as the Planning Act, including zoning by-laws, does not apply to these facilities. It is important to understand that ISED, while requiring proponents to follow the Town of Halton Hills Protocol for Establishing Telecommunication Towers and Related Facilities, makes the final decision on whether or not a tower facility can be constructed.

The Town of Halton Hills can only provide comments to ISED, and does not have the authority to stop the construction of a telecommunication tower/antenna facility.
