

SNAPSHOT

Tony Fortunato photo

These colourful birds, a chickadee on the left and a cardinal on the right, seek a bit of shelter in an evergreen tree on a snowy day in Georgetown recently. If you have a recent shot of Halton Hills wildlife, send a high res photo to news editor Steve LeBlanc at sleblanc@metroland.com.

289-428-1339

*For Digital Discount program details, visit freedommobile.ca/waystosave. Absolute Zero offer is available for a limited time and is subject to change or cancellation without notice. To pay \$0 upfront and save \$199 on the Samsung Galaxy A10e, \$450 on the Samsung Galaxy A50, or \$1260 on the Samsung Galaxy S10 128GB, you must activate a new service or upgrade your phone on a current in-market \$50 and up plan (after Digital Discount) with the Samsung Galaxy A10e, \$60 and up plan (after Digital Discount) with the Samsung Galaxy A50, or \$90 and up plan (after Digital Discount) with the Samsung Galaxy S10 128GB, each with a \$0 Monthly MyTab Charge on a 24 month services agreement. Early cancellation fees apply. If you downgrade from your plan within 24 months to a plan that is not eligible for a Phone Savings discount, or to a plan that is only eligible for a lower Phone Savings discount amount, then you will be charged a fee equal to all, or prorated part, of the discount received. MyTab Additional Terms of Service apply - see freedommobile.ca/MyTab. Applicable taxes extra. The promotion may not be combined with any percentage discount offer, recurring rate plan discount or any other offers, with the exception of Digital Discount, Better Together Savings, the Refer a Friend Program, and any qualifying bonus data offers. *Freedom Mobile's Big Gig Unlimited data plans include (depending on your selected plan) from 10GB to 25GB of Fast LTE (full-speed) data on the Freedom Network, as well as from 500MB to 2GB of Fast LTE (full-speed) data on the Freedom Nationwide Network (see freedommobile.ca/coverage). Freedom Mobile's Big Gig Unlimited data Canada-U.S. plan includes 30GB of Fast LTE (full-speed) data on the Freedom Network, as well as 5GB of Fast LTE (full-speed) data on the Freedom Nationwide Network or in the U.S. Once your Fast LTE (full-speed) allotment is depleted, you will continue to have access to data services, with no data overage fees, but at a slower speed - of up to 256 kilobits per second (for downloads) and 128 kilobits per second (for uploads) on the Freedom Network, and up to 128 kilobits per second (for downloads) and 64 kilobits per second (for uploads) on the Nationwide Network or, in the case of the Big Gig Unlimited data Canada-U.S. plan, in the U.S. - until the end of your current billing cycle. Applications such as web browsing, email, instant messaging, voice over IP services, or low-quality audio streaming will continue to work, but at a slower speed. Applications that normally require greater bandwidth, such as video streaming or peer-to-peer file sharing will also continue to work, but the slower speed may affect application performance. We will send you a text message notifying you when you have used 70% and 100% of the Fast LTE (full-speed) allotment included in your plan, at which point you may choose to purchase a Fast LTE (full-speed) add-on to add more full-speed data to your plan.
