

How You Can Help Your Hospital During the COVID-19 Pandemic

As the ongoing COVID-19 pandemic continues to evolve, we are grateful to **Halton Healthcare front line staff and clinical leaders** who are making a positive difference to the health of our community.

While we self-isolate to avoid illness, our hospital's dedicated team of front line medical professionals are more committed than ever to care for those in need of help. We are indebted to them and our hospital's clinical leaders who are making a positive

difference to the health of our community while ensuring the safety of all patients, staff, physicians and volunteers.

With the support of generous donors like you, we continue to adapt and expand to make sure we are meeting the needs of our ever-growing community.

Please visit georgetownhospitalfoundation.ca for more information or to make an online gift.

Other Ways to Give

Equipment Donations

Currently, we are only accepting items that have been purchased in Canada or are vendors licensed to sell Personal Protective Equipment in Canada. All items must be in factory sealed unopened boxes and must not be expired.

Innovative Ideas

If your business or organization has an innovative solution to support the response to COVID-19, please visit the Government of Ontario's website at ontario.ca/how-your-organization-can-help-fight-coronavirus

For the most current list of items we are accepting or to find out how to donate, visit haltonhealthcare.com/covid-19-info/covid-19-community-support

If you can, please support our COVID-19 Response Fund by visiting georgetownhospitalfoundation.ca
