## Thank you to our Paramedics

This week is Paramedic Services Week, where we celebrate our team of brave, everyday heroes who have dedicated their lives to protect the health and safety of our residents. While we recognize these community heroes every year, this year is exceptional. From being first on the scene of an emergency to partnering with Halton Region Public Health to carry out testing in our Long-term Care homes, your role and dedication to keep our community and most vulnerable safe during this pandemic is remarkable. Find out more about our staff on the frontline by searching the hashtags #StrongerTogether and #HaltonON on social media. # LIBRARY BUILDING ARCHIVE OF COVID-19 EXPERIENCES

A virtual time capsule is in the works to capture the daily life of local residents during the COVID-19 pandemic.

The Halton Hills Public Library is asking citizens to help build a digital archive of this moment in history by submitting photos of:

- Your temporary work or school situation;
- Front-line responders in action;
- A good Samaritan delivering groceries or making homemade masks;
- Positive messages written on the sidewalk in chalk;
- Thank-you signs for front-line workers;
- How you're spending your time or any new hobbies;
- Usually busy streets now empty;
- Store lineups;
- Your favourite store or restaurant closed or providing a different service; or

This painted rock photo is among the submissions the Halton Hills Public Library has received so far for its COVID-19 digital archive.

- Any other images of daily life.

"The goal of this digital archive is to preserve our soon-to-be past and showcase our incredible teamwork and empathy in the face of adversity," said community librarian Brandi Gillett.

"It will be an example of what's possible when the strength and true spirit of a community comes together to achieve a common goal."
