**And have you gone,**

forever gone and left us here to weep.

Till we are called to follow you, and in the grave to sleep;
yet since you could no longer stay to cheer us with your love,
we hope to meet with you again in the bright world above.

Time may heal the broken-hearted, time may make the wound less sore; but time will never stop the longing for the loved one gone before.

Heavy are our hearts today, memory brings you back once more, to the time when you were with us, to the happy days of yore.
