ACTON FARMERS' MARKET SET FOR RETURN

Plans are in the works to bring the Acton Farmers' Market back to the downtown core this summer with a variety of safety protocols.

The Downtown Acton BIA is aiming for a June 18 opening date, with the market then running weekly on Thursdays from 4 p.m. to 7 p.m. outside the Acton Town Hall Centre.

BIA co-ordinator Alex Hilson says he's been work-

ing closely with the Georgetown Farmers' Market to work out the COVID-19 regulations that will be implemented, including limiting the number of people in the market area and having a one-way system for foot traffic.

"It will be very similar to any other store environment," he said.

Hilson added that it's been challenging to keep

up with the health regulations, and secure enough vendors to run the market.

"The community and vendors have asked for it though, and we're going to do everything we possibly can to make it happen," he said. "We appreciate everyone's patience as we work through this challenging time."

Q

What is happening in the court system now that Ontario is starting to re-open?

A

In mid-March, 2020 courts closed down for anything other than urgent/emergency matters. By mid-May the courts started receiving new non-emergency Applications by email and started to allow pre-pandemic scheduled court appearances to move forward by video conference.

For new Applications, although they can start the court process, as of now that's all they can do. For example; your lawyer can apply for your uncontested Divorce but your lawyer cannot get you a Divorce. It is good idea to get the time limits running for your Divorce, but don't schedule your second wedding.

More news from the courts is expected early in July.
