

Marz Homes
introduces
The Shores
- Coastal
Towns,
coming this
summer to
Crystal Beach

Coastal inspired lifestyle at Crystal Beach

Located just 15 minutes from the QEW is a perfectly positioned community that provides its homeowners an enviable coastal-inspired lifestyle. Set within a masterfully-designed coastal community, Crystal Beach is known throughout Niagara as a summer destination.

Marz Homes is excited to announce an exciting new townhome community - The Shores - is launching in their award-winning South Coast Village neighbourhood in Crystal Beach, just steps from the lake!

"We've thoughtfully designed every aspect of our latest community", says Dan Gabriele, president of Marz Homes. "The Shores provides an unprecedented opportunity to live within a prime beachside neighbourhood, offering a variety of care-free coastal-chic two- storey towns and bungalow towns from only the low \$400's."

These all-new costal-inspired townhome plans range from 1,170 to 1,700 square feet, and feature high quality authentic architecture, chic interiors and stylish open concept living spaces.

"We are very proud of The Shores' high standard of style and design, with some home plans offering innovative tandem garage options, perfect for storing your hobby car, Harley or extra workshop space," adds Gabriele.

This thriving beachside community is for those looking for a year-round vibrant small-town lifestyle with active local beachside amenities, services, and convenience. It's an exciting destination for the entire family, including a boat launch, outdoor patios, playgrounds, pavilion, and beachside fun for all. There is also an impressive network of bike and hiking trails and nearby Niagara Vineyards moments away.

"The Shores will be unrivalled in all aspects of new home living. With easy walking access to the beach for a morning paddleboard or an afternoon stroll through the local shops and numerous specialty shops and dining options a few blocks away," says Laura Braun, marketing manager for the Stoney Creek-based Marz Homes. "There is no other development in the

Golden Horseshoe that offers this kind of lifestyle at a truly affordable price."

In addition, Marz Homes is including a unique feature into the community that is exclusively available to homeowners. The Shores Club; an all-inclusive recreational zone, with an event lounge, community pool, and a state-of-the-art sports courtyard. It's a place to play, swim, sun for family, as well as your guests. The Shores will be the ultimate 'Home Base' to make every day feel like a holiday.

Marz Homes will be opening The Shores in early Summer 2020. Be sure to pre-register and book your VIP sales appointment today - the sales centre has been re-imagined with personal "Discovery Zones" to accommodate new social distancing and health measures. And for the first time ever, Marz's new online-only buying experience provides a simple, secure way to buy your next home remotely.

Don't miss your chance to live the ultimate beachside escape. Register your interest at marzhomes.com.
