CATHOLIC BOARD LAYS OUT BACK-TO-CLASSES PLAN

STUDENTS MUST WEAR MASKS OR FACING COVERINGS

LOUIE ROSELLA

lrosella@metroland.com

The Halton Catholic District School Board has released its much-anticipated Return to School plan.

Among the major points in the documents was the revelation that the Board of Trustees, at its special meeting held Aug. 19, passed a motion "that all HCDSB students (Kindergarten to Grade 12) be required to wear non-medical masks/face coverings at school."

Reasonable exceptions to this requirement will be

put in place, according to the plan, and the Board is working with Halton Region Public Health to provide "age-appropriate mask education/information for families."

Reasonable exceptions to mask wearing will be considered, including:

- A pre-existing medical condition (e.g., asthma)
- A diagnosis or learning profile that would limit a student's ability to tolerate or safely wear a mask, including whereby a mask would effect essential communication for a person who is hearing impaired
- A mental health diagnosis
- Other, as detailed by a healthcare practitioner.

For students returning to elementary school for conventional learning, par-

ents must screen them daily for COVID-19 symptoms before leaving for school, using the COVID-19 Self-Assessment.

Students or staff with symptoms before the school day begins should stay at home, self-isolate (household members, including siblings, must also self-isolate), be referred for testing for COVID-19, stay home from school until test results are received

Students or staff with symptoms DURING the school day must go home immediately and, if they cannot return home immediately, they must be isolated in a designated room/space until their departure, according to the plan.

"Each school and Board site will have a designated isolation area for staff/students/visitors who have signs/symptoms of COVID-19 and are waiting transportation home," the plan states.
