

**Your turn
is coming
soon.**

Ontario's COVID-19 vaccine plan is helping to stop the spread and save lives. Thousands of people across the province are getting vaccinated every day.

As vaccinations continue, we need to stay the course to protect those we love. Wear a mask. Wash your hands. Keep your distance.

Find out when, where and how to get vaccinated at ontario.ca/covidvaccineplan or call 1-888-999-6488 for assistance in more than 300 languages.

PREGNANT WOMEN CAN NOW BOOK VACCINE APPOINTMENT

Women who are expecting are the next group eligible to receive a COVID-19 vaccine at a Halton Region clinic. Pregnant women are now part of the "highest risk health conditions" category identified in Phase 2 of the Province's vaccine distribution plan.

They are encouraged to consult with their health-care provider about the benefits and risks associated with vaccination before booking an appointment.

That can be done at halton.ca/COVIDvaccines, where a complete list of who is eligible and who will be eligible soon can be found. Those needing further assistance can call 311. Halton residents can book an appointment at any of the six clinics throughout the region.
